## **Q1 Recap: What's New at XLDent**

With the first quarter of 2025 behind us, we're pleased to share highlights of recent enhancements, industry updates, and key reminders to help you get the most from XLDent!

### **XLPay is Here : Integrated Payments, the Way You Want It**

Integrated payments are at the top of every practice's wishlist — and with **XL Pay**, we're delivering just that.

Fully embedded in your XLDent workflow, **XLPay** is built to simplify the payment process for your team and your patients.

### **ePrescribing Enhancements (DoseSpot)**

We've implemented meaningful updates to streamline workflows and enhance security:

### **Pharmacy Eligibility Notifications**

For select prescriptions, the system will now alert you if the chosen pharmacy cannot fill the medication. You'll be prompted to switch to an

eligible pharmacy — helping reduce delays and ensure smoother prescription fulfillment.

### **Identity Proofing for All Prescribers**

As part of DoseSpot's continued focus on security, **Identity Proofing (IDP)** is now required for all prescribers, regardless of DEA status.

### **Medi-Span Drug Database Updates**

The **Medi-Span drug database** has been updated to align with the latest clinical standards. These improvements support more accurate drug interaction checks and promote better patient safety in your prescribing process.

### **Webinars: What You Missed & What's Coming Next**

We've been busy hosting informative sessions to help you get the most out of your XLDent system! Here's a quick recap — and a look ahead:
